1. [] Talked with Representative Peter Frelinghuysen's office concerning his letter to the Director of 22 March which asked if someone in the Agency could interview Miss Glenna Spitzer who is doing an unclassified research paper on the role of Allen W. Dulles as the Director of Central Intelligence. I informed Frelinghuysen's office that John S. Warner would be available to discuss this with Miss Spitzer.

2. [] Talked with Jack Hoghland, State Department, mentioning that we had heard of Senator Bridges' wish to see Bill Macomber regarding the "Periscope" item that U. S. policy was to discourage defectors. Also mentioned to him that we had heard a few days ago that Bridges had queried Macomber as to why CIA held on to defectors. Hoghland said he was vaguely aware of the "Periscope" matter but would check with Macomber on both and advise.

3. [] Mentioned to Hoghland the captive nations resolutions. He stated that discussions had been held earlier with Zablocki and others so that the language of most of the resolutions does not include the specific names of territories which were found objectionable in last year's resolutions. However, he mentioned the Douglas and Feighan bills. He further stated that Macomber was meeting with people on the Hill this morning to discuss this matter and they believed that the Zablocki et al versions would prevail. Certainly they did not intend to speak to either Douglas or Feighan. I queried whether an informal expression of our views to House Foreign Affairs would be of assistance. He will check into this and advise.

Also the interview would take place outside of congressional office buildings. Anything further than this would be subject to further consideration. Arens agreed to all of this including the fact of no publication of any information concerning this. A time has been set for [] Hank Schor has been advised and will make necessary arrangements with this office.
